Milfield Cottage, Main Road, Milfield, Wooler NE71 6JD

What Three Words Location: grouping.behalf.decisive

Plan date 6th March 2024

Review date 5th March 2025

Sound of the alarm

The sound of the smoke alarm will be continuous high pitched beeping.

Raising the alarm

In the event of fire:

- Ensure all residents are evacuated from the building
- Leave all belongings behind and close doors if possible
- Dial 999 and request attendance by the Fire Service to the above address

Escape Routes

- Front door – thumb turn lock
- Back door – thumb turn lock - exit to enclosed garden – gate to side of building

Assembly Point

The assembly point is to the side of the property in the parking places

Location of key safety hazards or other fire related equipment

- There is no mains gas to the premises
- The mains fuse box is located above the door leading FROM the bedroom area.
- The water stop tap is under the cupboard next to the dishwasher in the kitchen area

Fire-fighting equipment is located:

- Fire blanket in tall cupboard in the kitchen
